

# Southern Regional Food Distribution Center Grant

---

## Question & Answer

Email received: Friday, June 12, 2026

*Thank you for the opportunity to apply for a grant through the Southern Regional Food Distribution Center. Here's what we have in mind...*

*All of our requests to receive resources come through our website and are emailed to the person who schedules all our appointments. Our email provider that we've had for over 16 years has been giving us A LOT of problems lately and we have been randomly missing emails for appointment requests. We must go back to our website mail storage and retrieve them there. We've also been receiving error messages galore. We are VERY overdue to change email providers. This is going to be an extensive process as well as cleaning up all our email accounts, therefore, we have contacted Telecorp Technologies to help make the transition. They are fellow Chamber of Commerce members and we've known them for many years. They are preparing a proposal for us for the initial cost to get us transitioned and cleaned up, then a monthly service fee. They are providing a non-profit discount. Would this qualify as something that we would be able to submit a grant application for? Thank you.*

---

## Response:

**You are welcome to apply if you believe the assistance being offered through this grant would provide value to your organization and help strengthen your food pantry operations.**

**Please keep in mind that all grant funds must be used by August 20. Ongoing monthly fees or expenses extending beyond the grant period will not be eligible.**
